President's Message

September Shooters,

September is our reminder month. School's starting, fall and winter are arriving. As well, it's SCB's month to receive our Official Range Inspection. Soooo... we're calling ALL HANDS ON DECK! MANY HANDS ARE NEEDED FOR THE SEPTEMBER WORK PARTY!

September is also SCB's month for the gathering of friends and family. We will incorporate the weekend into some extra fun activities. Want to be a part? Come camp and enjoy the activities we can offer at our awesome Lake Sonoma. Lake activities include hiking, visiting, picnicking, or tell us how you would like to spend the days.

On a personal note, September marks the birth of our 1st child. Yep, hard to believe Donnie is now a grown woman with a family of her own!

Traditional Archers of California will host our annual 2-day rendezvous @ Rancho Neblina on September 27-28. For those enjoying the traditional style of archery, this is your weekend! We'll have vendors,

Happy Birthday!

3 courses, archery golf, novelty shoots, raffle, awards, and SOOOO much more! Visit www.traditionalarchersofca.com and/or www.scbarchery.net will get you flyer information. Of course you can call or e-mail me with any questions.

SCB "BOO SHOOT" is here and some of you have been waiting all year! Yes, it is time to dig out your most creative ideas (or not), spooky targets, trick or "treats", pot luck ideas, and costumes are optional on October 25th. RSVP's are necessary for planning, preparing, ensuring this event happens. I WILL CANCEL IF RSVP's are not handled in a timely manner! Early afternoon arrivals for decorating, and assisting are very much appreciated!

We are hoping our hunters, fisherman, and outdoors folks have had some harvesting successes. Meat and fish in the freezers, as well as enjoyed the fruits and veggies of the gardens, or just enjoyed having some awesome choices of the season at your local stores. The beautiful bounty of Sonoma County! Lucky to live where we live. It's such a fair-weather, easy going community.

Come join us in our activities.

Marilyn

And do not forget Elections for 2015 are around the corner. SCB will need a Secretary, as well as a Range Captain and/or an Assistant Range Captain. If you are wanting changes, if you are wanting to become more involved, step forward to share the necessary jobs for this

Happy birthday to Donnie Frank, Hal Lewis, Pete Aleandrov, and John Loades!

Have you seen our new website? We are SO thankful for Jason Baggs, who has helped us get our website up and running! Check it out:

2015 Elections

As Marilyn mentioned at the end of her President's Message, our annual Elections for 2015 officers is held during our October Club Meeting.

Right now, we are looking for a Secretary, a Range Captain (or an Assistant Range Captain), and a Friends of Lake Sonoma representative (not an elected position).

If you are interested in any of these positions, speak up! SCB cannot run without a full Board. Thanks for considering these positions!

organization.

Hunting News

by Hans and Adrienne Olufs

Congrats to Harold Goodrich who took a great buck with his bow! He also turned in a Hunting Award Application so we don't have to hound him for it!

As we speak, our co-VP Hunting is in Colorado trying to get a buck with his bow. We'll keep you posted! Let us know if you have any hunting stories to share.

Work Party

Over 152 hours were donated to the club this last month. Marilyn and Steve once again dedicated over 60 hours to make sure food was prepared, 3-D ran smoothly, work party needs were met successfully, meetings were attended, both the club and regional, and answered dozens of questions as our front line PR representatives.

Harold Goodrich, Pete Alexandrov, Burrell Wyle, John and Pauline Loades, Carlo and Luca Woolsey were all able to lend a hand with the set up and or take down of 3-D animals. Adrienne Olufs and Monique Convery made sure minutes were taken and the newsletter was produced. Your officers met to discuss the bi-laws and other important business. David Bittelingmeier made sure 3-D scores were entered and changed targets at the lake. Burrell and Steve also changed targets at the range.
